Measure of the Public Health Authority of the Slovak Republic in the endangerment to the public health

Public Health Authority of the Slovak Republic as a respective body according to the Section 5 para. 4 letter h) of the Act No. 355/2007 Coll. on Protection, Support and Development of Public Health and on Amendments and Supplements to Certain Acts (hereinafter referred to as the “Act No. 355/2007 Coll.“), due to the declaration of an extraordinary situation in the territory of the Slovak Republic by the Government of the Slovak Republic through Resolution of the Government of the Slovak Republic No. 111 of 11 March 2020 and COVID-19 pandemic declared on 11 March 2020 by Director-General of the World Health Organization pursuant to Section 12 para. 2 letters b), c) and f), Section 48 para. 4 letter l) and Section 60a para. 2 of Act No. 355/2007 Coll., orders the following

measures:

1. All persons who enter the territory of the Slovak Republic from 10 June 2020, 7.00 a.m., and who visited a country not listed in Annex 1 hereto during the previous 14 days, are ordered to provide a negative RT-PCR test (confirmation of test negativity) for COVID-19 not older than 96 hours to the member of the Police Force of the Slovak Republic when crossing the border of the Slovak Republic. Or alternatively, when entering the territory of the Slovak Republic through border crossings where no control is performed, it is necessary to immediately submit the negative result to the competent Regional Public Health Authority. The result must be in English, German, Czech or Slovak language or translated into one of these languages. Subsequently, these individuals are ordered a home isolation until they receive the negative RT-PCR test for

COVID-19. This person is obliged to undergo the laboratory diagnosis of COVID-19 on the fifth day of home isolation at the earliest. During the period of home isolation according to the previous sentence, this isolation is also ordered to persons living in a common household with the isolated person.

- Persons who visited a country not listed in Annex 1 hereto during the previous 14 days, and at the time of entry into force of this measure are isolated in a facility designated by the state, are allowed to leave the facility and fulfil their obligation of isolation at home until receiving the negative RT-PCR test for COVID-19. This person is obliged to undergo the laboratory diagnosis of COVID-19 on the fifth day of home isolation at the earliest, where the period of isolation at home and in a facility designated by the state is added up. While a person undergoes the home isolation according to this paragraph, this isolation is also ordered to persons living in a common household with the isolated person.
- Persons who did not visit a country not listed in the Annex 1 hereto during the previous 14 days, and at the time of entry into force of this measure are isolated in a facility designated by the state, are allowed to leave the facility and end the isolation.
- Persons who visited a country not listed in Annex 1 hereto during the previous 14 days and at the time of entry into force of this measure are isolated at home with using the mobile application for monitoring the observance of ordered isolation pursuant to Section 60a para. 1 of the Act No. 355/2007 Coll. (hereinafter referred to as the mobile application “eQuarantine”), are ordered to stay isolated at home until they receive the negative RT-PCR test for COVID-19. This person is obliged to undergo the laboratory diagnosis of COVID-19 on the fifth day of home isolation at the earliest. After receiving the negative test, these persons are obliged to notify the competent Regional Public Health Authority, which will deactivate the eQuarantine and notify the person of the possibility to end the isolation at home. While a person undergoes the home isolation according to this paragraph, this isolation is also ordered to persons living in a common household with the isolated person.
- Persons who did not visit a country not listed in Annex 1 hereto during the previous 14 days, and at the time of entry into force of this measure are isolated at home or isolated at home with using the mobile application eQuarantine, are obliged to notify the competent Regional Public Health Authority, which will deactivate the eQuarantine and notify the person of the possibility to end the isolation at home. While a person undergoes the home isolation according to this paragraph, this isolation is also ordered to persons living in a common household with the isolated person.

2. All persons under the point 1, who enter the territory of the Slovak Republic from 10 June 2020, 7.00 a.m. are ordered to report this fact immediately after returning to the Slovak Republic by phone or electronically to the competent Regional Public Health Authority and health care provider providing health care in the field of general practice, and with whom this person has the healthcare agreement concluded, or to the health care provider in the field of paediatrics, and with whom the child has the healthcare agreement concluded. Persons who do not have such an agreement in the territory of the Slovak Republic are obliged to notify the locally competent doctor of the self-governing region of the isolation according to point 1.
3. All health care providers providing health care in the field of general practice or paediatrics are ordered to issue a sick-leave due to COVID-19 quarantine to all persons under the point 1, entering the territory of the Slovak Republic from 10 June 2020, 7.00 a.m., including persons living in a common household with the isolated person.
4. Measures according to points 1 to 3 shall not apply to:
 - persons permanently or temporarily residing in the territory of the Slovak Republic, when returning from the Republic of Poland, provided that their stay outside the territory of the Slovak Republic did not exceed 48 hours before return, while these persons are obliged to prove to the member of the Police Force that the time limit has been observed during the border control, freight drivers, pilots, air crew members or other aeronautical members, crew members on cargo ships, engine drivers, wagon engineers, train crews and rail freight operators; these persons crossing the territory of the Slovak Republic also by other means of transport in order to travel to the place where they will carry out their work or when returning home, shall present a confirmation of the employer in the state language of the Slovak Republic or confirmation for workers in international transport, the sample of which is included in Annex 3 of the European Commission Communication on the implementation of the Green Lanes, drivers and crews of passenger, air or bus transport who provide the transport of repatriated persons to the territory of the Slovak Republic, drivers and crew of medical service transporting a patient, and drivers and crew transporting organs for transplantation, blood and blood substitutes,

- treatment of health conditions of their relatives or relatives of these persons,
- after approval by the Ministry of Interior of the Slovak Republic or Ministry of Defence of the Slovak Republic, the entry or transit of police officers crossing the territory of the Slovak Republic for the fulfilment of tasks arising from EU membership and members of the armed forces and NATO,
 - the transit of EU nationals and their family members returning to the EU Member State of which they are a citizen. These facts shall be proved by presenting a travel document (ID card or passport) to the member of the Police Force during the border control. These persons must pass through the territory of the Slovak Republic without stopping, no later than 8 hours after entry, including the necessary refuelling,
 - after approval by the Ministry of Interior of the Slovak Republic, the transit of EU nationals and their family members to the EU Member State where they have permanent or temporary residence. These persons must pass through the territory of the Slovak Republic without stopping, no later than 8 hours after entry, including the necessary refuelling,
 - after approval by the Ministry of Interior of the Slovak Republic, persons entering the territory of the Slovak Republic based on the request of court or law enforcement agencies,
 - the transit of persons permanently or temporarily residing in the EU Member State, when returning to the state of which they are citizens. These persons must pass through the territory of the Slovak Republic without stopping, no later than 8 hours after entry, including the necessary refuelling,
 - the transit of third-country nationals to the EU Member States where they have permanent or temporary residence. These persons are obliged to present a negative RT-PCR test for COVID-19 not older than 96 hours when entering the territory of the Slovak Republic. The result must be in English, German, Czech or Slovak language or translated into one of these languages. These persons must pass through the territory of the Slovak Republic without stopping, no later than 8 hours after entry, including the necessary refuelling,

- civil servants and employees performing work in the public interest sent to perform tasks arising from the representation of the Slovak Republic in an international organization or international military agency outside the territory of the Slovak Republic, who enter the territory of the Slovak Republic during and after the end of being posted abroad, together with their family members.
- persons enjoying diplomatic privileges and immunity in the territory of the Slovak Republic,
- after approval by the Ministry of Foreign and European Affairs of the Slovak Republic, employees of international organizations, international financial institutions and EU institutions with a place of work in the territory of the Slovak Republic, and their family members,

- persons posted to the embassy of the Slovak Republic, who enter the territory of the Slovak Republic during and after the end of being posted abroad, together with their family members,
- persons entering the territory of the Slovak Republic due to the implementation of a valid court decision in the matter of performing joint custody of minor child, or the right to be in contact with a minor child. A person entering the territory of the Slovak Republic for this reason is obliged to present a valid court decision or parental agreement upon entering the territory of the Slovak Republic and at the same time inform the Ministry of Labour, Social Affairs and Family of the Slovak Republic (the Centre for the International Legal Protection of Children and Youth) of its intention to enter the territory of the Slovak Republic for the above reason,
- after approval by the Ministry of Agriculture and Rural Development of the Slovak Republic, persons providing service and maintenance of agricultural and forestry machinery, crews of agricultural and forestry machinery and persons accompanying them.

In the event the persons referred to in this point have symptoms of respiratory disease, they are ordered to report this fact immediately by phone to their health care provider providing health care in the field of general practice, and with whom this person has the healthcare agreement concluded. If these persons do not have a healthcare provider in the territory of the Slovak Republic, they shall notify this information without delay to the emergency number 112.

Freight drivers, air crew members or other members of the aeronautical staff, crew members on cargo ships, engine drivers, wagon engineers, train crews

and rail freight operators entering or leaving the territory of the Slovak Republic for the purpose of transporting, loading and unloading of goods are ordered to use personal protective equipment when loading and unloading the goods, to minimize the direct contact with staff abroad and to have rubber gloves in their vehicles for use as required and disinfectants for regular hand cleaning. For rail transportation workers, the employer shall draw up a certificate clearly demonstrating that the forced crossing of the national border arises from the nature of their work, by which they ensure freight transport. For these persons, during their necessary stay in the territory of the Slovak Republic, outside of the performance of their duties, home isolation is ordered, if possible away from the persons living in a common household with them. Air crew members and other aeronautical members, whose work is necessary to perform flights of aircraft taking off in another state and landing in the Slovak Republic, that are not subject to a ban on specific civil flights, are ordered to comply with anti-epidemic measures set by the Ministry of Transport and Construction of the Slovak Republic.

Employees of funeral services carrying out international transport of mortal remains for the purpose of burial or cremation are ordered to wear respirators FFP2/FFP3 when taking over, handing over or loading the mortal remains, to minimize the direct contact with staff abroad and to have rubber gloves in their vehicles for use as required and disinfectants for regular hand cleaning.

Drivers and crew of medical service carrying out transport of patient are ordered to carry out the transport only in vehicles with separated space for the patient, to use personal protective equipment (respirators FFP2/FFP3, protective goggles, gloves) and to use disinfectants for regular hand cleaning.

5. The measure pursuant to points 1 to 3 shall not apply to persons, not falling under the point 4, permanently or temporarily residing in the Slovak Republic and who have an employment relationship, a similar employment relationship or a place of work (e.g. for self-employed persons) in border areas in the territory of a neighbouring country within 30 km by road from an open border crossing to the territory of the Slovak Republic and hold a certificate of the employer of such performance of work or a certificate of such performance of work.

At the same time, the measure pursuant to points 1 to 3 shall not apply to persons permanently or temporarily residing in border areas of a neighbouring country within 30 km from an open border crossing to the territory of the Slovak Republic and who have an employment relationship, a similar employment relationship or a place of work (e.g. for self-employed persons) in the territory of the Slovak Republic within 30 km by road from an open border crossing to the territory of the Slovak Republic and hold a certificate of the employer of such performance of work or a certificate of such performance of work.

The measure pursuant to points 1 to 3 shall also not apply to persons living in a common household with this person, provided they cross the border accompanied by this person.

At the same time, the measure pursuant to points 1 to 3 shall not apply to citizens of the Slovak Republic permanently or temporarily residing in border areas of a neighbouring country within 30 km from an open border crossing to the territory of the Slovak Republic and persons living in a common household with them, provided they cross the border accompanied by them.

6. In justified cases, the Public Health Authority of the Slovak Republic may grant an exemption from points 1 to 3 on the basis of a justified written request of a member of the Government of the Slovak Republic under his authority. This person is obliged to present a negative RT-PCR test (confirmation of test negativity) for COVID-19 not older than 96 hours when entering the territory of the Slovak Republic.

In justified cases, the Public Health Authority of the Slovak Republic may grant an exemption from the obligation to provide a negative RT-PCR test for COVID-19 not older than 96 hours on the basis of a justified written request of a member of the Government of the Slovak Republic under his authority.

7. The measure pursuant to points 1 to 3 shall not apply to persons, not falling under the point 4, permanently or temporarily residing in the Slovak Republic and who attend, study or apply for attending or studying at nursery school, elementary school, high school or university in the Republic of Poland, including one accompanying person, and who hold a certificate of this fact (e.g. certificate of study, invitation to entrance/final examinations, enrolment in school, and for the accompanying person also a solemn declaration of the accompanied person).

If the stay of the above persons in these countries exceeds a period of 48 hours, these persons are obliged to undergo a laboratory diagnosis of COVID-19 on the 5th day, at earliest, after entering the territory of the Slovak Republic and in case of a positive result, to notify the doctor according to point 2 of this measure and the locally competent Regional Public Health Authority. Until a negative COVID-19 test result is identified, these persons are ordered to be isolated at home.

The measure pursuant to points 1 to 3 shall not apply to persons entering the territory of the Slovak Republic for the purpose of taking entrance exams, final exams, other exams or enrolment in schools in the Slovak Republic or taking personal belongings from dormitories or other accommodation facilities, including one accompanying person, and who hold a

certificate of such fact (e.g. invitation to entrance examinations, enrolment in school). These persons are obliged to present a negative RT-PCR test (confirmation of test negativity) for COVID-19 not older than 96 hours when entering the territory of the Slovak Republic.

The measure pursuant to points 1 to 3 shall not apply to persons, not falling under the point 4, with the status of a primary or secondary school student or the status of a full-time university student and who are under the age of 26 and have a permanent or temporary residence in the Slovak Republic and participate in the training process as regular members of a sports club in the Republic of Poland, including one accompanying person, and hold a certificate of such fact (e.g. confirmation of membership in a sports club, and for the accompanying person also a solemn declaration of the accompanied person).

8. The measure pursuant to points 1 to 3 shall not apply to persons, not falling under the point 4, permanently or temporarily residing in the Slovak Republic and providing urgent care for their close relatives, who are unable to take care of themselves, in the territory of a neighbouring state, including one accompanying person. A person crossing the border of the Slovak Republic for this reason is obliged to present a certificate of urgent care issued by a doctor of the given close relative and a solemn declaration of family relationship. These documents must be translated into Slovak, except for documents presented in Czech.

If the stay of these persons in these countries exceeds 24 hours, they are obliged to present a negative RT-PCR test (confirmation of test negativity) for COVID-19 not older than 96 hours when entering the territory of the Slovak Republic.

At the same time, the measure pursuant to points 1 to 3 shall not apply to persons permanently or temporarily residing in any neighbouring state of the Slovak Republic and crossing the border of the Slovak Republic in order to perform urgent care for their close relatives, who are unable to take care of themselves, in the territory of the Slovak Republic, including one accompanying person. A person crossing the border of the Slovak Republic for this reason is obliged to present a certificate of urgent care issued by a doctor of the given close relative and a solemn declaration of family relationship. These documents must be translated into Slovak, except for documents presented in Czech. This person is obliged to present a negative RT-PCR test (confirmation of test negativity) for COVID-19 not older than 96 hours when entering the territory of the Slovak Republic.

9. The measure pursuant to points 1 to 3 shall not apply to persons, not falling under the point 4, permanently or temporarily residing in the Slovak Republic and farming lands located in the territory of the Republic of Poland within 10 km from the state border of the Slovak Republic. The measure pursuant to points 1 to 3 shall also not apply to persons permanently

or temporarily residing in the Republic of Poland and farming lands located in the territory of the Slovak Republic within 10 km from the state border.

These persons are obliged to present a credible document in the Slovak language proving the stated fact (e.g. a title deed, a contract on the lease of agricultural land), at the border crossing of the Slovak Republic.

These persons are ordered to monitor their health condition and in the event of any symptoms of respiratory disease, they are ordered to report this fact immediately by phone to their health care provider providing health care to this person in the relevant field, and with whom this person has the healthcare agreement concluded. If these persons do not have a healthcare provider in the territory of the Slovak Republic, they shall notify this information without delay to the emergency number 112.

10. The measure pursuant to points 1 to 3 shall not apply to persons performing or otherwise participating in cross-border audiovisual, television, theatre or other artistic production and who therefore, due to the production of an audiovisual work or programme, artistic performance or realization of a work of art in the Slovak Republic, enter the territory of the Slovak Republic from the Republic of Poland or return to the territory of the Slovak Republic after participating in the production of an audiovisual work, programme, artistic performance or realization of a work of art in the territory of the Republic of Poland, provided they hold a certificate from the audiovisual producer, broadcaster or the producer of a programme, theatre or other person managing the artistic performance or the realization of a work of art. This person is obliged to present a negative RT-PCR test (confirmation of test negativity) for COVID-19 not older than 96 hours when entering the territory of the Slovak Republic.

Validity: 10 June 2020, 7.00 a.m. until further notice

The entry into force of this measure repeals the measure of the Public Health Authority of the Slovak Republic No. OLP/4311/2020 of 22/05/2020.

R e c i t a l s

Pursuant to Section 8 of Act of the National Council of the Slovak Republic No. 42/1994 Coll. on Civil Protection of the Population, as amended, the Government of the Slovak Republic declared an extraordinary situation starting on 12 March 2020 due to endangerment to the public health of II. degree.

Director-General of the World Health Organization declared COVID-19 pandemic on 11 March 2020.

This measure is one of the important tools for preventing the spread of COVID-19 diseases caused by coronavirus (SARS-CoV-2) in the Slovak Republic.

A person to whom the isolation obligation arises from this measure is obliged to:

- a) monitor their health condition (sudden onset of at least one of the following symptoms: fever, cough, shortness of breath) and if such symptoms occur, call immediately the attending physician and the local Regional Public Health Authority and undergo biological material collection,
- b) refrain from social contacts,
- c) refrain from travelling, with the exception of immediate transfer to the place of home isolation,
- d) refrain from any activities that require you to leave the place of isolation, or receiving susceptible persons at the place of isolation.

Failure to comply with this measure constitutes an offence in the public health sector pursuant to Section 56 of Act No. 355/2007 Coll. for which the competent Regional Public Health Authority shall impose a fine pursuant to Section 56 para. 2 of Act No. 355/2007 Coll. in the amount of up to EUR 1,659. The Police Force and Municipal Police may also impose an on-the-spot fine in the amount of up to EUR 1,000 on the offender for not respecting this measure.

Mgr. RNDr. MUDr. Ján Mikas, PhD. the
Chief Hygienist of the Slovak Republic
