

CONSULATE GENERAL OF
GREECE IN BOSTON

The Consulate General of Greece in Boston,
The Circle of Hellenic Academics in Boston and the
Hellenic Bioscientific Association of the USA

Invite you to the

“2018 Introductory Student Seminar”

Tuesday, September 18, 2018

6:00 P.M. – 8 P.M.

Consulate General of Greece in Boston

86 Beacon Street, Boston, MA 02108

All students of Greek heritage, who are beginning or continuing their studies at colleges and universities in and around the Boston area, are invited to the 2018 Introductory Student Seminar. This event will serve as an introduction to academic life in the United States, providing tips but also serving as a networking opportunity for students.

Distinguished Greek and Greek-American Professors from the world's best universities such as Harvard University, MIT and Tufts will offer advice to the students and will be ready to answer questions on academic life in Massachusetts.

We welcome students beyond the freshman year; including graduate students and postdoctoral researchers.

Panelists

[Dr. Stella Kourembanas](#)—Harvard Medical School (Pediatrics—Neonatal Medicine)

[Dr. Irene Georgakoudi](#)—Tufts (Biomedical Engineering)

[Dr. Elizabeth Prodromou](#)—Tufts / Fletcher (Conflict Resolution)

[Dr. Themis Sapsis](#)—MIT (Mechanical & Ocean Engineering)
